## Pea Ridge.

Wheat cutting in progress; about half already cut; yield good.

Mr. Will Tracy and son, Sam, are cultivating an immense crop of corn at Fleetwood.

Mr. Burge preached here last Sunday and will preach again on the fourth Sunday in July.

Mr. John Pierce, whose health has been very delicate for the past few months, is reported better.

Mr. and Mrs. Joe Allison, of Lebanon, visited Mr. Isham Pierce and family last Saturday and Sunday.

Mr. John Burk and daughter, Mrs. Robert Nolan, of Choteauville, visited Mrs. Edge and family of Pea Ridge Sunday.

Sunday-school organized here last Sunday. Mr. Constance Superintendent, Mrs. Ellen Dennis, Assistant, Arthur Edge, Secretary and Treasurer. Come Sunday at 3 p.m.

Splendid growing weather weeds fast outgrowing the corn, with harvest in progress. Some of our farmers are crowded with work so much that after cutting wheat all week they were compelled to thin corn last Sunday.

The Board of Directors, at the last meeting, stuck out Russell Mill from the name of our pike. It was very misleading because there is neither a mill or a Russell in our district. It will be known hereafter simply as the Pea Ridge Pike.

Mr. John Angrave, the well-known butcher who has kept a house of butchering in our county, is now back in his residence near Bridgeport. Mr. Angrave has been a great sufferer for more than a year, being confined to bed a greater part of the time.

If the lady who was in Dr. J. S. Collins' office week before last when a lady fainted in the dentist's chair will kindly send her address to Mrs. L. Edge, Frankfort, Ky., we will be pleased to forward it.

The Ridge Scribe wants the name and address of the young man who was sent to Chapman & Williams' drug store for whisky, to restore a fainting woman, same time and place. Please leave name at ROUNDABOUT office.

A specimen of Frankfort dentistry is being exhibited on the Ridge and other parts of the county. All who see it make remarks that are all along the same line. The dentist either for his intelligence, skill or humanity. It is tooth with a section of splintered jawbone attached, which must have caused the unfortunate victim the most exquisite torture.

All those needing dental work ought to see this sample of the dentist's skill and then they would know where not to go to have their teeth done.

To the reader, this advice costs you nothing to regard it. Disregard it and it may cost you intense suffering and a broken jawbone.

The killing of the unfortunate young Daily has been principal topic of conversation on the Ridge, and quite a serious medley of opinion advanced. Everyone demands setting death traps and that setting the gun that killed the unfortunate boy was wicked, cruel and cowardly and great sympathy is expressed for the family. He had no business there at that time, and you never heard the shot by not being there? Quite true, but if every one in our county was to be shot dead for being where they had no business our population would be considerably slim. Did not look what he had enough proper precaution to protect his property, and only those who have suffered from night marauders are competent to enter into judgement on his action. The poor boy is more to be pitied for himself than for us. If we remember his faults we should also remember his dreadful punishment and "Lead us not into temptation but deliver us from evil."

The directors of the Pea Ridgepike have been compelled, much against their will, to place a toll gate on the road to Frankfort, in order to keep it repaired, and all our people who are compelled to travel that way go through it much against their will, but very few travel that way. The old country road is bad and muddy puddles instead of vehicles. What a change five cent toll will make. For instance, J. E. M. and Arctic used to be the flour brands found in our houses, but since the toll gate has been placed Bell, G. W. and Louisville's brand has run the first two brands out. It is because most of our people go to Bridgeport and Hardinsville for supplies.

The toll to Frankfort is the same as it is to Frankfort, but there is a wide awake merchant there who will pay the toll of all his customers from here. There is so much importance in this matter that no notice will be taken of it by Frankfort merchants and so Bridgeport and Hardinsville put as mail ad,

## 27% Difference

### The "Royal" the Strongest and Purest Baking Powder.

Whether any other baking powder is equal to "Royal," let the official reports decide. When the different powders were purchased on the open market and examined by Prof. Chandler, of the New-York Board of Health, the result showed that Royal Baking Powder contained twenty-seven per cent greater strength than any other brand.

When compared in money value, this difference would be as follows:

If one pound of Royal Baking Powder sells for 50 cents,

One pound of no other powder is worth over 36 cents.

If another baking powder is forced upon you by the grocer in place of the Royal, see that you are charged the correspondingly lower price.

scribbling what you have got and prices, in next issue of the Roundabout and if it don't bring you two dollars for one invested send the bill to the Ridge Scribe, care of the Editor, and it will be promptly paid.

"There is a falling off of voters compared with last year of about one hundred." ROUNDABOUT, June 18th. Who have given up? Why other cities and States for employment. More than that number of Frankfort citizens are now employed in Lexington. A still larger number are finding lodgings temporarily of course, though quite a number will make their home where they get employment. In Frankfort the best chance for a workingman to get employment isito become a convict; they will work if ever compelled to do so. An estimate has been made and the calculation is undoubtedly correct, that every laborer has an average of five people dependent on his laborer, so that every convict employed outside from the walls not only occupies a free laborer but the five people depending on him for support.

Quite a number of working men are now on the streets in quest of employment. Clean the merchants are standing in their doorway waiting for customers. If these workingmen had employment the merchants would have customers, but on our city streets they are employed at various kinds of occupations, which takes work from the workers and customers from the merchants. This matter is worth the attention of the Board of Trade.

Merciful remember every convict employed on the streets, no matter what his occupation is, deprives one free laborer and deprives you of your customers.

### Startling Facts.

The American people are rapidly becoming a race of nervous rascals, and the following suggests the best remedy: Alphonso Hempfield, of Butler, Pa., avers that when his son was born he had a fit of convulsions, and Dr. Miles' great Restorative, Nervine cured him. Mrs. J. R. Miller, of Valparaiso, and J. D. Taylor, of Logansport, Ind., each gained 20 pounds fast while in Mrs. J. R. Miller's J. W. Vista, Ind., cure of 40 or 50 convulsions a day, and much headache, dizziness, backache and nervous prostration by one bottle. Trial bottles and fine book of marvelous facts from J. W. Gayle's, who recommends and guarantees this unequalled remedy.

# GOOD THINGS

ARE IN STORE FOR YOU.

THE GOOD THINGS WE REFER TO ARE IN OUR STORE, AND THEY ARE THERE FOR YOU AND EVERYBODY.

OUR STOCK IS LIKE A STREAM—hundreds take from it, yet it never diminishes. This, of course, is because there is a never-dying spring of supply that feeds the stream.

SLUGGISH STREAMS STAGNATE—So do sluggish stocks. They become decayed. They are not fit for commercial use any more than decayed meat. Finally, they are known as "dead."

CONSTANT MOTION KEEPS WATER IN THE BEST CONDITION—and a constant flow of trade keeps a stock in best condition. We have no dead stock, because our stock never stands still. It is always flowing out and flowing in.

DO YOU APPRECIATE THE ADVANTAGE of buying always from a clean, fresh stock of new goods? If you do, you can have that advantage by trading with.

### May be Extended.

The survey of the preliminary line  
of railroad from this city to Alton, to  
connect the Kentucky Midland and  
Louisville Southern Railways, has  
been completed, and the corps  
of engineers left for Mt. Sterling  
Thursday and are now engaged in  
surveying for a branch line of the  
Kentucky Midland from North Mid-  
dleton, in Bourbon county, to that  
city. The probabilities are now  
very strong that the Midland will be  
extended in both directions.

### Aquatic Exhibition.

Capt. L. D. Blondell will give an  
exhibition of marvelous swimming  
at Tyrone to-morrow afternoon. The  
Steamer Little Sandy and barge will  
take an excursion party from Mon-  
tgomery and this city to witness the per-  
formance. The Captain does not use  
a rubber suit or other artificial means  
to support him while in the water,  
but depends entirely upon his own  
exertions as an expert swimmer.

Mr. Van Pelt, Editor of the Craig-  
Mo., Meteor, went to a drug store at  
Hilliard, Iowa, and asked the physi-  
cian in attendance to give him a dose  
of something for cholera morbus and  
looseness of the bowels. He says: "I  
had a dose of opium this morning  
that I concluded to call on the physi-  
cian and get him to fix me up a supply  
of the medicine. I was surprised when he  
handed me a bottle of Chamberlain's Colic, Cholera  
and Diarrhoeal Remedy. He said he pre-  
pared it especially for his practice  
and found it the best he could get or  
prepare. I can testify to its efficiency  
in my case at all events." For sale

reasoners and Bible Students of the  
age, and all of his scientific works

—one single, simple remedy—an  
instrument called the Electronite.  
We do not personally know the  
persons who control this instrument,

neither agents nor in any way financially  
interested in the matter."

### Base Ball.

INTERRUPTED BY RAIN.

The game with the Deppens on  
Friday of last week was called in the  
third inning on account of rain, with  
one man out for the Deppens and  
Glazebrook at the bat. The score stood Frankfort, 6; Deppens, 2.  
Hits, Frankfort, 6; Deppens, 3. Errors,  
Frankforts, 2; Deppens, 4. The Deppens went to bat first. Stagg and  
Goins were the battery for the home club and Laffan and Redding for the visitors. It would have been a walk-over for the home team. Walter Merchant and Ben Marshall helped the visitors out, as they were short of men. Shreve was here, but was not allowed to play.

### POSTPONED INDEFINITELY.

The Lexington Transcript of Sun-  
day contained the following:

Manager Ramsey will run an ex-  
cursion and take his crack Lexington  
team to Frankfort on Saturday evening  
to down the Capital City club. The  
horses will be day and six months this  
year and won all of them. Frankfort has  
been victorious in all its contests and  
is willing to bet that no semi-pro  
professional club in the State can  
down them, and to use Mr. Ramsey's  
expression, "we are going down to  
take home the crown of the concert out of  
them."

Half fare excursion rates will pre-  
vail and a large crowd should go  
down to cheer the boys. Lexington  
will have the same team which beat  
it last year and it will take a  
League team to win the ball.

As manager Ramsey telegraphed  
the locals, on Tuesday morning, to  
cancel the date, we suppose the opera-  
tion has been indefinitely postponed.

### Mrs. H. E. Weman,

No. 2 Lynn St., Janesville, Wis., under  
date of June 10, writes the following:  
Kenyon & Thomas, Sirs: I was confined  
to my bed four months with inflamma-  
tion of the right ovary; had a good  
physician, tried almost everything,  
got very little help until I tried your  
medicine, and until I tried your  
medicine I was unable to get out of  
bed. It has done wonders for me. I can do quite a good  
day's work. I have every reason to  
believe that it will entirely cure me.  
I am also using your Dr. Hale's  
Household Tea for good results.

Sincerely yours,  
Mrs. H. E. WEMAN.

### Cloud Burst.

There was a cloud burst over the Farmdale neighborhood Friday night of last week and so much water fell that shocks of wheat standing in the field were washed away, and farmers had to get out their wagons the next day and haul them off their neighbor's farms, where they were carried by the water. An old soldier, who was shut up in a slaughter-house when the storm came, said he was not half so badly scared at the battle of Shiloh as he was by the lightning which played around the house.

### Sudden Deaths.

Heart disease is by far the most frequent cause of sudden death, which in three out of four cases is unsuspected. The symptoms are not generally noticed in time to avail of the relief mentioned, with a view to ascertaining the price of gas to private consumers charged in such cities on July 1st, 1892.

Very respectfully,  
RICHARD T. TOWNE,  
Mayor.

A message was received from the Mayor announcing that he had signed the ordinance allowing the rebates on taxes.

A petition was received from Mr. J. C. Rogers, asking the council to remit his son Frank's fine for causing a disturbance in the court room.

A petition was received from J. W. Gaines & Son, asking that their license be reduced from \$100 to \$50. The price of their license was then set at \$75.

A message was received from Mrs. Ada Garrett, asking that the taxes on her bank stock be stricken out. Adopted.

The license committee recommended that Mr. Sid Davis be granted a coffee house license.

Mr. Davis' petition was unanimously signed and so was the protest. The license was granted.

The clerk stated that he had called on Mr. John Murchison for the street car license, and was told it was not issued.

The clerk also stated that the Police and Fire Commissioners held a meeting Tuesday afternoon and recommended to the council that they do away with the hook and ladder horse and retain the driver and commissioners, with power to act.

The reports of the city clerk and treasurer were received and ordered filed.

The ordinance funding \$10,000 of the city's floating debt was adopted.

The council then adjourned until Wednesday night, for the purpose of discussing the new charter for cities of the third class with Judge Drane.
